

SUPPLEMENTARY LIST OF JUDGES 2013

This list is compiled by the Competing Pipers' Association (CPA) and endorsed by the Joint Committee for Judging (JCJ). It is a resource which lists pipers who remain active competitors and who may be willing to act as judges from time to time depending on their own competitive commitments. Those listed have all given their assent and are classified as Premier players by the CPA in **both Piobaireachd and Light Music**. It is intended that this list sits alongside, but independent of, the JCJ's Register and provides greater opportunity for competition organisers to employ judges who have the support of the CPA.
